

Our Sales Director will be happy to attend site, and offer a one to one consultant, we offer a Free Planning and Advisory Service for Kitchen design or refurbishments and have designed and supplied many leading local kitchens. Where required we are also happy to supply and install ancillary requirements including flooring, tiling and furniture, in-fact the complete design, supply and installation for a whole project.

We are members of the Catering Equipment Distributors Association (CEDA) and comply with all the quality standards specified by this association. Our Service Engineers are trained to the highest standards and are Corgi registered and comply with all current Health & Safety legislations. We have the facility to take telephone, fax or e-mail orders for your convenience, and regularly update our catalogue showing over 2000 current products.

We are appointed nominated suppliers for a large group of Nursing and Health Groups, and are nominated suppliers to the Fire and Rescue Service. We are also main contractors for large construction and engineering groups such as Brise Build Allenbuild, Stuart Associated and Costain, we could provide company reference if required.

Assuring you of our most careful attentions at all times.
